Colored, UV and IR Filters
SKB waterproof storage cases

DESCRIPTION

The MicroFire PK-500R **Warrior** HID tactical flashlight uses an American made Ushio SolArc 10 watt HID lamp to produce 500 lumens of full spectrum white light. The Warrior features a built in ballast and rechargeable lithium ion battery pack that produces peak output for up to an hour and a half before recharging. Weighing only 1.2 pounds, it fits comfortably in the hand or on a belt in the optional K1 tactical holster. The Warrior comes complete with a 110v-240v direct charger. Manufactured from Aircraft Grade aluminum and hard anodized in black, the Warrior has a variable beam adjustable from 5° to 24° of spread. Accessories include a Tactical Holster, 12v KN-DC car charger for recharging on the road, colored filters, IR and UV filters and two versions of high impact Storm Cases for safe storage. A spare HID battery pack and 8xCR123 back up Battery Mag are also available. For extended run times, the Warrior can also be used with a K3N Li-Ion Polymer battery pack.
